TRIAL MEET IS WON SATURDAY BY LOCAL HIGH

THREE BLAZES CHECKED WITH SMALL LOSSES

Vernon Entries Capture 80 of a Possible 131 Points in Contest Participated in by Four Northwest Texas Schools at Quanah.

Vernon High athletes literally walked away within a to-be-heavy score in a four-cornered track meet held at Quanah last Saturday. Coach Baggett's squad capped eighty points out of a possible 131. Quanah was the closest contender with twenty-three and two-third points. Childlico and Goodlett were the other entrants in the meet, with twenty-one and one-third, and six points respectively.

Sixteen of Coach Baggett's men entered the meet, and they won twelve first places, taking high honors in practically all important events in the meet. Winifred Crouch scored enough points to win the meet single handed. Crouch was high-point man of the meet with twenty-five points to his credit, winning first honors in the shot put, discus, broad jump, 440, and tying for first place in the high jump. Already the name of this young athlete is being mentioned as local sport followers as a successor of the great Baldwin as the individual star of the State meet. In Saturday's contest he hurled the discuss 119 yards, nine yards farther than his throw in the Southwestern meet held at Fort Worth a week ago; a hurl which won him fourth place. He pushed the shot thirty-seven feet Saturday.

Benton Ryon, second high point of Saturday's contest, is also expected to make a name for himself in the meet at Austin this year. His work in the hurdles has been pleasing throughout the year. The local relay team composed of Crouch, Herbert Robinson, Valmor Langley, and Clint Castleberry will also be watching. This quartet easily took first place in the mile relay, running that event in four minutes. The team won third place in the Southwestern meet.

Couch Baggett is now making negotiations with Harrold for a dual meet here next Saturday. No definite arrangements have been reached yet.

Gilliland Creamery Plant On North Main Street With \$1,000 Damage, Is Most Serious Fire in Twenty-Fours of Activity of Department.

A fire late Monday afternoon damaged the building and equipment of the Gilliland Creamery company at 1220 Main street to the extent of \$1,000, according to estimates made by the occupants of the building, and by the owner, J. L. Burk. It is thought that the fire was caused from a defective line. Practically all of the loss was covered by insurance.

Mr. Burk estimated that \$800 would cover the damage to the building, all of which was covered by insurance. The fire burned for some thirty minutes after the fire force got into action, due to the fact that it was between the ceiling and the roof of the building and the firemen could not turn the water directly on the flames. Holes were soon cut in the sides of the building, and with water spraying the fire from these and from a hose on the roof, the flames were soon extinguished.

The roof and upper portion of the building were practically destroyed. It will be necessary to rebuild that part of the establishment.

After a week or more of inactivity, the local fire department had twenty-four hours of active service. About 8 o'clock Sunday night, the department was called to the home of Robert Hall on Wood street. The fire was beyond the water line, and the nearest hose connection was too far for the hose to be used. However, the fire was extinguished with chemicals.

The force was called out again Monday morning to extinguish a fire in the Aanno Mattress company building. This fire was extinguished by the use of chemicals. Only one or two mattresses burned.

Local Business Men To Banquet Farmers Friday

HUNTING SEASON SHORTENED TWO WEEKS, AND ZONES CREATED.

The game laws of the state were completely rewritten by the 39th legislature in the Wood-Wells bill now before the governor. The season on all game is shortened by two weeks, the daily and weekly bag limits are reduced and two distinct hunting zones are prescribed by the bill reported today by the conference committee.

Under the new law the bag limit on bucks is reduced from 3 to 2 and all bucks killed must have a pronged horn. The open season on deer and turkey is made November 16 to December 31 and the bag limit on turkey three gobblers.

Two hunting zones are created for quail, doves, ducks and geese. This is in conformity with federal law. The I. & G. N. railroad from Laredo to Longview to Texarkana are made the boundary lines. In the north zone the open season on quail is November 16 to January 1; on doves September and October; on ducks and geese October 16 to January 1. In the south zone quail December 1 to January 16; doves November and December; ducks and geese November 1 to January 31. Bag limits; quail 12 in one day, 36 in one week; doves 15 in one day and 45 a week; ducks 25 a day and 50 a week; geese four in one day and 12 in one week; pheasant open season at over Texarkana from September 1 to September 10, inclusive, bag limit five in one day and ten during the open season.

Open season on bear, November 16 to December 31, bag limit, one during the season.

Open season on squirrels, both zones, months of May, June, July and October, November and December, bag limit of ten a day. No closed season on squirrel in DeWitt, Caldwell, Guadalupe, San Saba, Mason, Gillespie, Llano, Kimble, Menard, Comal, McCulloch, Brown, Kerr, Burnet, Mills, Schleicher and Edwards.

This act provides for the license and regulation of shooting clubs, the creation of game sanctuaries and preserves, the issuance of permits for propagating game and raises the fee for a non-resident hunting license of \$25. The present resident hunting license law is unchanged, that is, a license costing \$2 is required only for hunting outside the county of his residence.

After the meeting a reception was held in the hall and the local girls entertained with a sumptuous party.

They were chaperoned by Mrs. A. Perryman, mother advisor of the Childress assembly and Mrs. W. A. Blanton, mother advisor of the Vernon assembly.

Childress Rainbow Girls were guests of the local assembly Saturday night at the Masonic hall on Main street. The guests exemplified the beautiful degree and several members of the Eastern Star and Masons were present to see the work. The rendition of the charges was very impressive and the young girls received many compliments.

High P. C. Lundy, Confederate veteran, says, that he has yielded to the entreaties of his friends and will not go to Dallas for an operation as was contemplated. Since he has given up the operation because they demanded it, they will have to care for him later, he states.

Mr. Lundy comes from a family of seven children of which he is the eldest. Only two of the children are living. Mrs. M. J. Whiddon of De-erat county, Ga., is coming to see her brother in May.

GAME LAW IS CHANGED NOW

HUNTING SEASON SHORTENED TWO WEEKS, AND ZONES CREATED.

Invitations are now being mailed to farmers of the Elliott community for the businessmen-farmer's banquet to be held at Elliott this Friday, according to R. M. This banquet is the first of a series of banquets to be held over the county by the business men of Vernon to better relations between farmers and the local business houses.

MERCHANTS TO OFFER SPECIAL FIRST MONDAY

Co-Operative Merchandising Program Is Being Planned by Local Business Men in Conjunction With Record for First Monday Event.

Monday, April 6, will be co-operative sales day in Vernon, according to a plan being worked out by retail merchants in conjunction with The Record. Merchants in different lines of business will offer a different special bargain for that day as a means of attracting people to Vernon to do their trading. The Record will carry special advertising and copies of the paper will be distributed to all boxholders on rural routes in Wilbarger and routes out of Crowell and Childlico.

A committee of the retail merchants is working out a plan whereby each store co-operating in the movement will offer a different special value for First Monday only. These specials will be in addition to other advertising and any other sales features the different merchants expect to run in conjunction with the first Monday sales effort.

If the plan meets with the success it is expected the first Monday special will be made a regular feature as a means of widening the scope of Vernon's trade territory. The Record will co-operate in giving the event special publicity and will see that copies of the paper carrying the special advertising goes into every home in the trade territory mapped out as being within the reasonable limit of the city's trade scope.

Detailed announcements will be made later, as the plans are more definitely worked out, in preparation for what is expected to be one of the biggest days of merchandising ever known in the history of Vernon.

REDBARGER OIL COMPANY TO ENTER NORTH FIELD

The Redbarger Oil Company has been granted a permit by the state of Texas to do business in Wilbarger county under the blue sky law. R. L. Taylor of Clarksville is president and J. M. Butcher of Clarksville is vice president. Offices will be installed in Vernon and J. E. Levi will be in charge of the business.

The company will start drilling operations soon on their tract of land north of the river containing 1800 acres, which seems due for a big play. The sections included in the acreage are 1, 2, 15, 16 and 17 in block 14, H. & T. C. Railway surveys. The company takes its name from Wilbarger county and Red River.

Derrick lumber has been sold for seventeen new derricks on the north side. It is predicted that several locations will be made this week.

Mrs. Scott and Mrs. Green entertain Mah Jong Club

Aunt Annie Scott and Miss Frances Greener entertained members of the Mah Jong club Saturday at their home on Mesquite street.

Miss Dorothy Cook won high score for members; Miss Beryl Dixon won low and Mrs. Roy Antle won guest prize. They were presented with lovely gifts.

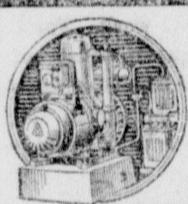

In the part of Marian Forrester, a beautiful young and married to an elderly railroad magnate, Irene Rich is called upon to enact the gradual demoralization of a high-strung woman whose passionate yearning for the joyous abandon of love proves her nemesis. It drags her down through the mud of vicious habits and questionable associations, stripping her of everything beautiful, until the invincible soul of her fights free from the depths of degradation and leaves her safe and content, once more the lovely lady.

Irene Rich fulfills this role with a wealth of emotional sincerity that is truly astounding, when it is remembered that Miss Rich's forte with the exception of "A Lost Lady" lay in playing sweet mother types.

She is strongly supported by Roche, June Marlowe, Matt Moore, Eva Gordon, George Fawcett, Victor Potel, Nanette Valone and Orville McGregor.

To Harry Beaumont goes credit for the excellent direction of "A Lost Lady."

VERNON YOUTH STAGES STUNT

ROBERT STOKES CHAINED TO CHAIR AT BAYLOR WRITES THEME

Robert Stokes, son of Mr. and Mrs. W. N. Stokes of Vernon and Freshman at Baylor University staged an endurance test at Waco last week, when he wrote a 2,000 word theme beginning his task at midnight Saturday and finishing at noon Sunday.

The Daily Lariat, the University's newspaper, has the following to say about the feat:

What proved to be a greater sensation to people in Waco, Baylor University and the surrounding country, than even "Dare-Devil"

Lockwood, and "Dauntless Dunk" of recent fame in Waco, has taken place in room 405 Brooks Hall. It came about in this way: Miss A. E. Lipscomb, labor director in English 101 has informed her students that it would be healthy for them to have a 2,000 word theme for Monday.

In effort to comply with this request it became necessary for Slim Robert Louis Stokes, a member of the class to spend Friday afternoon loosening up his fingers and taking physical exercise in preparation for the great task before him.

The grind began Saturday night at 12 o'clock and the following bulletins were posted in Brooks Hall: 6:00 p. m. Sunday.

Having completed 18 hours of continuous writing, Slim Stokes was going strong at 6 p. m. on his record breaking endurance writing test. He is standing up remarkably well under the strain although he is showing slight weakness due to having no food since he started. His motto is "No sleep, nothing to eat and no nothing." Curiosity seekers

may view him quietly at his task as he seeks to prove that human will power is sufficient to overcome any stupendous task. Chained to a chair and cemented to his task he grinds the weary hours away unobserving of short spaces of time, but fearlessly awaiting his freedom. He will sleep through every class the remainder of the term to account for the lost sleep.

Signed—Slim Thomas Nelson, Attending physician.

P. S.—He has no nurse, won't come co-ed volunteer to the cause?

Bulletin 8 p. m. Sunday.

Stokes backs up under the stimulant of strong coffee. His eyes are swollen and he is showing the terrible strain on his nerves. Smokes continually.

Bulletin 9 o'clock p. m. Sunday:

With only 5 minutes to go, Stokes is getting desperate; he is in such a deplorable condition that stimulants have no effect on him. Attending physician Slim Nelson has ordered everyone from the room while he beats and punches Stokes to keep him awake.

Bulletin 12:00 p. m. Sunday:

Stokes finishes. Jerked a chain up and threw it over the dormitory after biting in two the chain that bound him to the chair. He will be seen at his training quarters in 405 from 1:00 to 6:00 p. m. this afternoon.

He used the Conklin pen, Carter's ink, Andover Life Insurance holder and a Morris chair. His food consisted of Chesterfield cigarettes and 1839 coffee, and Hamermill bond paper was used.

SEN. REED SMOOT, POLA NEGRINI, WILLIAM A. HARRISON, ARTHUR CUTTEN

United States Senator Reed Smoot, of Utah, veteran Republican leader, suffered a general breakdown on the floor of the Senate and was ordered to bed by his physicians. Pola Negri, screen actress, in Chicago on her way to Europe to visit her mother and 135 war orphan children she adopted in Poland, admitted she was seeking a husband to manage her big "family." German newspapers report William A. Harrison, son of the late American railroad king, has secured immensely rich manganese concessions in the Caucasus from the Soviet Government. Arthur Cutten, Chicago, the greatest bull plunger, is credited with losing millions in the collapse of Max wheat.

MUSCULAR PERSON BEDECKED.

In the earliest civilization men of wealth and position decorated themselves all they could. Tut-Ankh Amun's gem-studded sandals of pure gold were by no means unique; on the contrary, they were merely fair samples of the kind of footgear every Egyptian king sported as a matter of course, and the nobles of Egypt, Babylonia, Assyria, Media, Persia, Lydia and Etruria indulged themselves with all the adornments their artisans could produce, as far as they could afford them.

REPRESENTING OUR TOWN.

A prominent business man in Dallas the other day made the statement that the opinion a visitor or his of a town is largely determined by the treatment he receives at the hands of the retail clerks during his visit. This man pointed out that the tourist passing through a town may come in contact with only one person. Usually that person is a clerk in a retail store or the service man at a filling station. If the treatment he receives is courteous and considerate, he is likely to go away feeling that he has visited a good town. If his experience is the reverse his feeling is likely to be the reverse.

This writer happens to have an unkindly feeling toward a certain town in Texas, due to inconsiderate treatment received at a hotel. In planning future trips in that part of the state, care will be taken to make overnight stops at some other town. This may not be logical but it is natural. We unconsciously judge a town by the contact, however few or scattered, we have with citizens of that town. A grouch placed in position where he frequently comes in contact with visitors can do more damage to a town than a whole regiment of gracious citizens can undo in a lifetime.

The tourist season is approaching in Vernon. During the next six or seven months thousands of strangers will pass through Vernon. Many of these will be passing this way both for their first and their last time. Tourists are communicative, especially to other tourists.

An admonition to avoid filling a gas tank in a certain town because of the prices charged or the services rendered or to avoid spending a night in certain town because of poor accommodations or discourteous hotel service is sufficient to keep hundreds of dollars worth of business out of that town. There is a certain town in Texas that has developed the habit of courteously treating tourists and other visitors until it is an art. Hundreds of tourists travel the highway leading through that town every year for no other reason than that they are treated courteously in that particular town. It is impossible to estimate the value of the favorable publicity that town receives. It is likewise impossible to estimate the damage that may be done by a few grouches or by retailers who render poor service or charge unreasonable prices.

Here in Vernon we ought to take stock and see if our contact with visitors will be such as to encourage them to speak a good word for Vernon and desire to come back. We never know when courteous treatment of a visitor may create just the impression that will make him want to invest here or move here to make his home. Let us look well to the kind of people who meet the strangers within our gates. In these contacts impressions are being made that may count tremendously for Vernon. Let's see to it that none but favorable impressions are created.

CHARLES A. CULBERSON.

The passing of Senator Charles A. Culberson removes one of the few remaining members of the old-time leaders who figured largely in the public affairs of Texas a quarter of a century ago. Few men were ever honored as Mr. Culberson was honored. For thirty-two consecutive years he held high public office as the gift of the people of Texas. Two terms as Attorney General in the historic days of Jim Hogg, two terms as Governor as the immediate successor of Hogg and then four full terms in the United States Senate. He was also honored by his colleagues in Washington in a very signal way. He was minority leader for years and was eligible for majority leadership when the Democrats gained control of the Senate under President Wilson, but the condition of his health was such at that time he could not en-

ter upon the arduous duties of administration spokesman in the Senate. He did, however, accept the chairmanship of the important judiciary committee and continued to serve with distinction in that capacity.

No other man was ever so signalized and so consistently honored by the people of Texas. This is a tribute alike to Senator Culberson and the Texas electorate. It indicated a desire on the part of the people to retain in their service one who had served faithfully and who, by reason of long experience, was better equipped to render faithful service. Frequent changes in public offices is not conducive to the public interest, except of course, in cases where a more capable man is available. It seems that for twenty-four years the people of Texas believed him capable of rendering good service.

It is also a tribute to the character of Senator Culberson that throughout his public career lasting over almost a third of a century he kept his name free of scandal. This can only be attributed to the belief that he was above reproach in the public service, because his tenure in the Senate lasted through at least two periods of muck-raking and scandal-mongering. Many less prominent in the public service fell victim to the scandal craze a few years back in many instances culpability was, and still is a matter of considerable doubt.

Texas mourns the passing of a distinguished son and it is indeed fitting that Texas soil shall be the last resting place for his tired and worn body, made so very largely by the arduous and long service he had rendered his state.

A. & M. ADVISES POISON MASH FOR CUT WORMS

With the coming of the spring growth of plants cut worms are beginning to show their destruction in some parts of Texas, although on account of the dry season they are not as bad as in past years. The method of attack advised by the A. & M. entomologist is poisoning by the mash formula. Mix 25 pounds bran, one pound Paris green or White arsenic, six lemons using both juice and rinds after running them through a fine meat chopper, two quarts cane molasses, water enough to moisten so that it will stick together when compressed in hand. Distribute along the rows in late afternoon. Use a cotton planter with shoe removed if an extensive acreage is to be covered.

AGRICULTURAL ATHLETES TO COMPETE AT A. & M.

College Station, March 21.—By combining the Interscholastic Track and Field meet and Vocational Agricultural judging competition for high schools and academies in scheduling them on adjoining days, it is expected that there will be approximately 1,000 high school and academy boys at the A. & M. College of Texas on April 20 and 21. The vocational boys will compete in livestock, grain, poultry and farm shop judging work on April 20 and the athletes will compete in track and field events the following day. Eighteen trophy cups and four scholarships to A. & M. are available for award in the agricultural contests, and gold, silver and bronze medals will be awarded the first, second and third prize athletic winners. All high school and academies are eligible for entry. Entry blanks are ready for distribution on request.

Mrs. L. K. Johnson is in Dallas where she is spending the Easter holidays with her daughter, Miss Cornellia, who is a student in Miss Hockaday's school.

A Talk with a Vernon Man

Mr. Manis Tells Something of Interest to Vernon Folks.

There's nothing more convincing than the statement of some one you know and have confidence in. That's why this talk with Mr. Manis of Cumberland street should be mighty helpful here in Vernon.

J. J. Manis, prop. of auto accessory store, 1603 Cumberland St., residence 1628 Bowie St., Vernon, gave the following statement April 5, 1919: "There was a steady, burning pain across my back and it was so sore and lame at night, I couldn't sleep. Mornings it was difficult to straighten. My kidneys were weak and acted irregularly, too and the secretions burned in passage. Doan's Pills rid me of the attack."

On February 8, 1924, Mr. Manis said: "Doan's have always rid me of an attack when I needed them." 60¢, at all dealers. Foster-Millburn Co., Mfrs., Buffalo, N. Y.

A. & M. TEACHES BUSINESS AND PRODUCTION ON FARM

A. & M. with its record of being the only one of the large institutions in the United States showing a large increase in students who elect to study agriculture has been selected as an example to illustrate the value of giving men an opportunity to study the business as well as the productive side of agriculture by the leading agricultural journal of the United States. The recently added course in agricultural administration is one of the chief reasons for the increase of students here.

A. W. Flynt and daughter, Miss Marian, of Fort Worth, were here Saturday on business and to visit relatives. Archie Flynt, as he is known here, was a resident of Vernon in the '90s. He is remembered by many of his boyhood friends, who were glad to visit with him again.

MRS. DOROTHY MURIEL DENNISTOUN

Lieutenant-Colonel Ian O. Dennistoun, testifying in the suit of Mrs. Dorothy Muriel Dennistoun, his former wife, in the London Courts, charged that on coming home one night he found his bed had been occupied. He said his wife told him the tenant had been Oscar Senhouse, an American, whom she first said she befriended when he lost the key to his apartment, but later, according to Dennistoun, admitted misconduct with him. Mrs. Dennistoun, who is seeking to regain funds amounting to \$6,000 she alleges she advanced to Dennistoun, now the husband of Dowager Lady Carnarvon, charged he had "sold" her to General Sir John Gowan, British Quartermaster General during the war, in order that he might personally benefit by promotion in military and diplomatic circles.

**48 Win Places
On High School
Roll Of Honor**

The High school honor roll, containing the names of the highest ten per cent, has just been announced. It is noticeable that the names are practically the same as those appearing on former honor rolls. Principal Z. A. Williamson states that the same students make the honor roll each time. However, they shift positions from time to time.

Another significant fact about the honor roll is that the average is gradually rising. When the first honor roll was published last fall, the minimum grade was 89. The minimum grade has been gradually raised on every list since that time, until it now stands at 91. Students winning honors this time are:

Henry Rogers, 95 3-4.

Lena Edna Thomas, 95 1-4.

Jarrell Buchanan, 95.

**LOCAL NINE TO
PLAY COLLEGE**

VERNON AND WICHITA JUNIORS TO OPEN SEASON HERE FRIDAY

As a season opener, the Vernon High nine will meet Wichita Junior college here Friday afternoon at 4 o'clock. Coach Wilemon expects to put a veteran nine on the diamond, with the exception of two men, James Scott at right field, and Ralph Scott at second base.

In practice, these two men have been showing up well, and they are expected to ably fill the vacancies left from last year. With the seven regulars showing the advantages of their experiences, and snapping into practice with a vim, Coach Wilemon expects to make a creditable showing against the college.

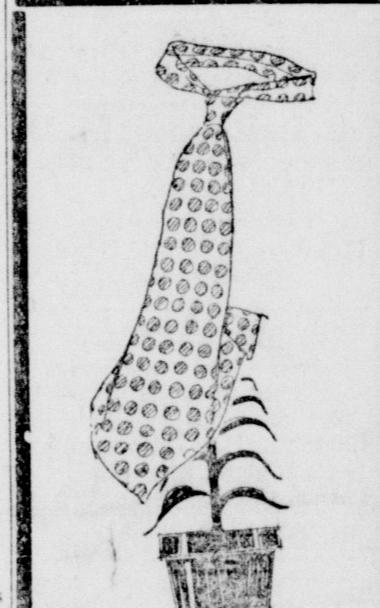

With the baseball schedule still incomplete, the local nine already faces a stiff year. Games already contracted for are: Chillicothe April 1, Wichita High at Wichita April 3, Crowell April 10, Wichita at Vernon April 11. Tentative arrangements for the two games with Amarillo have been made.

Men who will start Friday's game are:

Ambers Robinson (c), (e); Roy Key, (f, b); Ralph Scott, (s, b); Robt. Williams, (t, b); Willie Gelhausen, (s, s); Harold Bowman, (l, f); Herbert Robinson, (c, f); James Scott, (r, f).

Pitchers—Ranson Walker and Hugh Bourland.

Wanted—Clean cotton rags at the Record office.
